

# base collection

Bring it together with the Base Collection

furnware

# Base breathes new life into any space with flexible, modular soft furnishings.

Sixteen stunning pieces create limitless combinations, bringing people together in spaces they'll love.

Cleverly designed to suit large rooms...

...or small corners...

...the colourful collection of couches and ottomans come in three heights for comfortable tiered seating and a range of year groups.

Perfect for libraries, classrooms, break out spaces and staffrooms - wherever people want to connect or relax.

**Base is the system that brings it all together.**

# your library base

Libraries are a welcoming hub of learning in a whole range of ways. The Base collection allows you to shape a space to meet those learning needs, from private study spaces to breakout and social spaces, quiet reading corners to dynamic research areas with work surfaces. The multiple heights and tiered seating give you endless options for all ages and activities.

# your classroom base

The cleverly designed shapes and combinations means Base is at home in all types of classrooms layouts. Students can come together in comfortable, welcoming spaces to collaborate, read and relax, learn together in tiered seating or find a quiet space with private booth seating.

# your breakout base

In busy learning spaces, break out zones give students a chance to regroup and refocus – especially when there's not a lot of room. Base creates dynamic pop up spaces in classrooms or unused areas like hallways, where students can collaborate or quietly concentrate.

# your common room or staffroom base

These are important spaces to relax and re-charge so Base makes them extra welcoming with colourful, comfortable, attractive soft furnishings. You can lift the energy with vibrant social and meeting spaces or create private corners to relax and unwind. It's easy to create a whole range of environments with one flexible, clever, modular system. Base.

## base brought to life

With so many combinations, it's handy to see how they'll look in real life. Our 3D Learning Spaces App lets you visualise multiple combinations that could fit your teaching and learning, in the exact space you're looking to enhance. One of our expert team can show you how customised heights and sizes will breathe new life into any space you have.

# bringing it all together

- The combinations are endless, but we take it even further with customised options in **three different heights** for tiered seating and a range of year groups.
- Couches come in seven sizes to fit one to four people and Ottomans are available in 500mm or 700mm to neatly match the couches.
- We've designed the collection to work perfectly with complementary Furnware products like our Round, Rectangle and Kneeler Tables with Cookie Pads.
- Choose from either castors or legs. Castors are ideal in larger spaces where you have the freedom to regularly reconfigure your spaces.
- Create colour-pops and add style to your learning environment. Base Collection is available in a wide range of materials, including vinyl and contemporary fabric designs.
- Shhh, quiet please. Soft furnishings have acoustic properties to help reduce sound in busy environments.

If you're ready to make a big difference to any space, please contact us for limitless options with Base Collection.
